

BLANKET CONTRACT FOR WATER MAINS

City Engineer Recommends System in Vogue as to Extensions Two Years Ago.

All water main extensions and replacing of mains will be done by blanket contract from now until July 1, it was decided by the city commission yesterday. The city recorder was instructed to advertise for bids for such a contract.

For two years the city has been doing its own water main extensions, and under a recent opinion by the supreme court the work must be done by contract hereafter. The commission agreed informally Monday to have segregated contracts let for all extensions, but the city engineer said yesterday that such a system would overload his office with work and would hamper and delay improvements. He recommended the blanket form of contract which was in vogue prior to two years ago.

The city will reserve the right to furnish its own pipe to the contractors. On recommendation of the street commissioner, it was decided to have Second South street from Thirteenth East street to University avenue. This improvement will be included in the contract. The city will also have the city engineer take in Thirteenth East from South Temple to Fifth South and Fifth South from Thirteenth East to Mount Olivet cemetery. The public works department will be used, and the city's portion of the cost will be \$1600.

The George M. Cannon company, having agreed to pay the city's portion of the cost, the commission decided to curb and gutter streets in University Heights addition. The company will be required to put up a bond for \$2500 to insure the payment of the city's share.

Personal action approving the budget appropriations made by the board of estimates and review was taken. The recorder was instructed to convey copies to all departments and the purchasing agent was authorized to have 250 copies printed.

COOKS AND WAITERS REACH NO DECISION

Uncertainty and conflicting claims mark the present status of the strife between the cooks and waiters' union of Salt Lake and the hotel and restaurant men's association.

The cooks and waiters held an executive session in the labor temple yesterday afternoon, after which officials of the organization declined to make any statement for publication. Some of the men in individual interviews declared that the question was discussed, but declared that no definite decision was reached. One member of the union declared that there was no demand for an increase in wages; that all the union was asking was a six-day week and a ten-hour day upon the present pay rate. The secretary of the Hotel and Restaurant Men's association, stated positively that the reason for the recent withdrawal of the union from the industry was because of the demands of the cooks and waiters' union, and declared that the proprietors did not care whether any man was or was not a member of the union.

ESKIMO AND ALASKA SUBJECT OF LECTURE

At Unity hall last evening C. W. Snow of the University of Utah gave the first of a series of lectures under the auspices of the University extension department. With the aid of pictures Mr. Snow outlined the experience he had working for the interior department on the Seward peninsula. He described the social life of the Eskimo, the beauty of the country itself. In defense of the Eskimo he said, in part:

It was the Eskimo who first earned the land by the right of quiet possession. It was the Eskimo who trained the dogs that make travel in the north possible; who invented the mukluk and parka—the two articles of clothing that make living in the north comfortable. The Eskimo has been the successful but silent partner in all the great expeditions, and today he can "musht" over the ice, across the tundras, and days of Alaska when the breakers up in the spring forces the white man to turn back.

WILL CAMPAIGN TO PLACE MEN IN JOBS

Active measures to procure employment for those of the unemployed in Salt Lake who have families will be taken by the Salt Lake Charity association, according to an announcement made yesterday by M. M. Woods of the association. In view of the many who daily invade the association's headquarters at room 325 in the D. F. Walker building in search of work, it was decided to make a stringent effort to supply the work.

The association officials will investigate the possibilities of securing work, and ask that those in search of employment register with them that they may be reached at any time. The association offices will be open every day from 11 o'clock in the morning until 1 o'clock in the afternoon, and no fee will be charged.

UTAHN DIES IN PACIFIC COAST CITY

Word was received from Los Angeles last night of the death there of Charles M. Sexton of 655 East Eighth South street, Salt Lake City.

Mr. Sexton, who was 74 years of age, left here in November with his wife to spend the winter in California. A severe cold induced acute kidney trouble, and he was taken to the Sisters' hospital in Los Angeles a week ago, where he expired Monday night.

The body will be brought to Salt Lake for burial.

Services for Thomas McIntyre. Funeral services for Thomas McIntyre, who died at his residence 265 C street on Monday will be held tomorrow afternoon at 2 o'clock from the twenty-first ward chapel. The body will lie in state at the chapel from 1:30 o'clock until the service begins. Interment will be in the City cemetery.

Excursion to Ogden for the Yokel-Harbertson wrestling match Wednesday, February 11, via Bamberger electric line. \$1.10 round trip on 6 p. m. and 7 p. m. trains. (Advertisement.)
